HOUSTON (January 26, 2026) – Houston SPCA and law enforcement partners Harris County Constable Precinct 1 are looking into an animal cruelty case after a puppy was heard crying from inside a large trunk at a neighborhood park in Channelview.

The Houston SPCA believes the German Shepherd puppy was incredibly fortunate not to have been trapped in the trunk for an extended period. Veterinary staff emphasized that the situation could have been tragic had it lasted any longer, as prolonged confinement in such conditions could have caused severe distress, injury, or death.

Houston SPCA is grateful for the community's eyes and ears that help save animals' lives, just like this case. If anyone has information about this case, please call the Houston SPCA at 713.869.SPCA.
